EDUCATION

YENEPOYA DEEMED TO BE UNIVERSITY

Bengluru, Karnataka 2023 - Present

- Bachelor of Computer Applications
- Cybersecurity, Ethical Hacking, Digital Forensics
- CGPA: 9.04 / 10 (Till Semester 4)

MSS PUBLIC SCHOOL, CALICUT

- Graduated with 80% 2019-2021

SACRED HEART HSS SCHOOL, KANNUR

- Graduated with 99% 2018-2019

TECHNICAL SKILLS

- Threat Analysis, Incident Response
- Network Security, Vulnerability Assessment
- Social Engineering Awareness
- Risk Assessment, Compliance Analysis
- Threat Landscape Research
- Security Documentation, Policy Review
- Penetration Testing, Vulnerability Research
- Threat Modeling, Phishing Simulation
- Network Reconnaissance, Log Analysis

INTERPERSONAL SKILLS

- Project Management, Critical Thinking
- Problem Solving, Team Collaboration
- Time Management, Communication
- Leadership, Investigative Research
- Analytical Thinking, Decision-Making
- Adaptability, Organizational Skills

ACHIEVEMENTS

- 1st Prize - Cybersecurity Poster Presentation IBM ICE DAY 2024
- 1st Prize - Yen IOT TECH 2025
- 2nd Prize - Technical Paper Presentations IBM ICE DAY 2025
- 5th Prize - Triada CTF 2025

CERTIFICATION

- Google Cybersecurity Specialization
- Fundamentals of Cybersecurity
- Cisco Network Security

PROFESSIONAL SUMMARY

Motivated and detail-oriented BCA student specializing in Cybersecurity, Ethical Hacking, and Digital Forensics, with hands-on experience across offensive security, cybersecurity research, tool development, and business-aligned security strategy. Proven ability to develop Python-based security tools, conduct vulnerability assessments, and contribute to research, HR operations, sales enablement, and marketing strategy within cybersecurity organizations. Award-winning researcher with strong analytical, communication, and documentation skills. Actively seeking internship or entry-level roles in global organizations.

EXPERIENCE

Cybersecurity Researcher & Developer (Intern)

ZecurX Cybersecurity Pvt Ltd | Hybrid | 2025 - Present

- Conduct cybersecurity research on market trends, threat landscapes, and competitor analysis.
- Authored research papers and internal reports supporting product strategy and business growth.
- Contributed to security tool feature research and roadmap planning.
- Supported HR operations, internship coordination, and candidate screening.
- Assisted sales & marketing teams with sales pitching support, content roadmaps, and website content creation.

Offensive Cybersecurity Intern

InLighnX Global Pvt Ltd | Remote | Jun 2025 - Aug 2025

- Gained hands-on exposure to ethical hacking, threat modeling, and offensive security techniques.

Cybersecurity Intern

Corizo | Remote | Dec 2023 - Jan 2024

PROJECTS

QRPhish - QR Code-Based Phishing Toolkit

- Developed a Python-based toolkit to generate and track QR-code phishing campaigns in controlled environments.

NetRecon - Network Reconnaissance Tool

- Built a network scanning tool for port enumeration, service detection, and vulnerability lookup using the NVD API.

Cybersafe - Multifunctional Cybersecurity Toolkit

- Developed a Python-based toolkit integrating IP tracking, email spoofing detection, hash generation, and port scanning.

Aider - Advanced Intrusion Detection and Enhanced Review

- Created a Unix-based security auditing tool for system integrity checks, process monitoring, and intrusion review.

Enigma - Advanced CLI-Based IoT Security & Automation System

- Designed a command-line IoT security system using ESP32 NodeMCU with RFID/NFC-based access control.
